F. No.3-5/2022(DEB-II)

August, 2022

PUBLIC NOTICE

0 2 SEP 2022

Equivalence of degree obtained through ODL and Online mode with degree obtained through conventional mode

The Regulation 22 of the University Grants Commission (Open and Distance Learning Programmes and Online Programmes) Regulations, 2020 stipulates as under;

"**Equivalence of qualification acquired through Conventional or Open and Distance Learning and Online modes.–** Degrees at undergraduate and postgraduate level in conformity with UGC notification on Specification of Degrees, 2014 and post graduate diplomas awarded through Open and Distance Learning mode and/or Online mode by Higher Educational Institutions, recognised by the Commission under these regulations, shall be treated as equivalent to the corresponding awards of the Degrees at undergraduate and postgraduate level and post graduate diplomas offered through conventional mode."

This is for information of the general public, students and other stakeholders.

VISION & MISSION

OUR VISION

"To be a global leader in providing accessible, innovative, and industry-relevant online education, empowering learners to achieve their fullest potential and contribute to the advancement of society."

OUR MISSION

Enhance Learner Skills and Qualifications: Provide a dynamic and flexible online learning environment that enables students to upskill and upgrade their qualifications with the latest industry-aligned curriculum.

Innovative Curriculum and Pedagogy: Develop and deliver cutting-edge online educational programs that incorporate current trends, technologies, and best practices to prepare students for the demands of the modern workforce.

Accessibility and Inclusivity: Ensure online education is accessible to all, regardless of geographical, financial, or social barriers, fostering an inclusive learning community.

Collaborative Industry Partnerships: Build strong collaborations with industry leaders to offer practical and experiential learning opportunities that bridge the gap between academia and the professional world.

Lifelong Learning and Personal Growth: Promote lifelong learning and personal development, encouraging students to continually advance their knowledge and skills throughout their careers.

WHO WE ARE

At Desh Bhagat University (DBU) Online, we are pioneers in delivering premier education through our dynamic online programs. Our University is lauded with A+ Accredited by National Assessment and Accreditation Council (NAAC) and approved by the University Grants Commission (UGC), our institution offers a diverse array of undergraduate and postgraduate courses, tailored to meet the evolving needs of today's learners.

Our meticulously designed programs not only elevate your career through enhancing qualifications but also equip you with competitive skills for the global marketplace. Our flexible learning platform ensures you can seamlessly integrate your studies into your busy life, anytime and anywhere.

Embark on your educational journey DBU Online and experience the expertise of our distinguished faculty, interactive high quality learning resources, and a vibrant, supportive online community. Transform your educational journey with a leader in higher education.

Due to the rapid advancements of technology, online education has become a part of programme offerings of many top-ranked institutions. It not only offers aspirants all the benefits of attending their dream institution, but also has the added convenience of customized learning experience suiting to their schedule and lifestyle.
With enhanced global acceptance of quality online degree programmes in various career progressions, more and more students are now opting for the online mode of education.

Why DBU Online?

Education is not a privilege; it is a fundamental human right.

Therefore, we should leave no one behind, as popularly said and believed today. DBU stands by this and is encouraging the eligible rural individuals to educate themselves, enjoying the home comfort. Regular classroom studies may not be possible for them as there are certain challenges, like lack of transportation, lack of time to come and study at the University due to personal commitments or even to those who are willing to study and work at the same time, these Online courses will help such individuals significantly to learn, grow and succeed.

The University provides cutting edge technology, diverse range of programs, interactive modules and a comprehensive curriculum designed as per the Industry standards which is taught by the team of Expert faculty for overall development of the student and make them job ready.

Choosing DBU Online means embracing a flexible, high-quality education tailored for the modern learner. We offer a diverse range of programs that blend academic rigor with practical relevance. Learn from experienced faculty through interactive materials, and join a supportive online community. Our technology-driven platform enhances your learning experience, preparing you for global career opportunities. Transform your future with DBU Online.

WHY ONLINE DEGREE PROGRAMS ?

Develop Relevant & Up-To-Date Skills

In today's era of cut-throat competition, you need to gain skills relevant to the current industry trends. Online learning allows you to update your skills as per indus try standards.

Study Whenever, Wherever

Study as per your convenience without worrying about any timing restraints, unlike regular programs. Choose your place and time and learn at your convenience within your comfort zone.

MA

Master of Arts (History)

Duration
2 Years / 4 Semesters

Eligibility
Graduation in any discipline or equivalent Eligibility, admission criteria or any other condition mentioned here in or otherwise for admission to any programme is subject to change as prescribed by the university.

Key Features of the Program
An MA in History provides in-depth study of various historical periods, regions, and themes, offering both broad and specialized knowledge. The program emphasizes research skills, including primary source analysis and historiography, with many requiring a thesis or dissertation. Students develop critical thinking and communication skills, often through seminars and research projects. Interdisciplinary approaches, flexible learning options (such as full-time, part-time, or online), and career development opportunities, including internships and networking, are also key features. Overall, it prepares graduates for careers in education, research, public history, and beyond.

Outcome of the Program
The outcome of an MA in History is to equip students with advanced research, analytical, and critical thinking skills, enabling them to interpret and analyze historical events and sources with depth and precision. Graduates gain the ability to write and present complex historical arguments clearly and persuasively. They are prepared for careers in academia, research, public history, museums, archives, and other fields that require strong analytical and communication skills. The program also fosters a deeper understanding of historical processes, preparing students for roles that engage with historical research, education, and policy-making.

MA

Program Fee: Fees: INR 48,000/- | Per Sem INR 12,000/-
Examination Fee: INR 1,500/- (Per Sem) | One-Time Application Fee: INR 500/-

Master of Arts (Political Science)

Duration

2 Years / 4 Semesters

Eligibility

Graduation in any discipline or equivalent Eligibility, admission criteria or any other condition mentioned here in or otherwise for admission to any programme is subject to change as prescribed by the university.

Key Features of the Program

The objective of Master of Arts in Political Science designed for open and distance learning programme is to provide the students an advanced level of understanding of political systems, decision making processes and procedures, institutions and policies at all levels of government. In terms of its contents, it focuses on political ideas of Indian and western thinkers, comparative politics, international relations, political theory, social movements and state politics in India, peace and conflict in international politics etc. Learners would thus acquire skills in political analysis as well as sharpen their critical and analytical abilities. Thus, the programme would help the students in acquiring the necessary skills in political analysis as well as sharpen their critical and analytical abilities. This M.A programme consists of 9 compulsory courses, which will be taught over 2 years.

Outcome of the Program

The outcome of an MA in Political Science is to equip students with advanced knowledge of political systems, theory, and international relations, alongside strong analytical and research skills. Graduates gain the ability to critically evaluate political institutions, policies, and global issues. They are prepared for careers in government, public policy, international organizations, non-profits, political consultancy, and research. Additionally, the program enhances skills in data analysis, communication, and strategic thinking, making graduates well-suited for roles in advocacy, diplomacy, journalism, and beyond.

Job opportunities

Graduates with an MA in Political Science have a broad range of career opportunities. They can work in government roles, such as policy analysts, legislative assistants, or diplomats. Other career paths include working for international organizations, non-profits, political consultancy firms, or advocacy groups. Many graduates also find roles in political journalism, public relations, and communication, while others pursue research positions in think tanks or academic institutions. Additionally, the strong analytical and strategic thinking skills developed during the program make graduates highly sought after in business, law, and public affairs sectors.

Program Fee: Fees: INR 24,000/- | Per Sem INR 12,000/-
Examination Fee: INR 1,500/- (Per Sem) | One-Time Application Fee: INR 500/-
